RAHUL S KUMAR

Data Scientist / AI-ML Engineer

Kollam, Kerala, India | 9605642391 | nandhurahul558@gmail.com

PROFESSIONAL SUMMARY

Aspiring Data Scientist and AI/ML Engineer with a B.Tech in Artificial Intelligence and Machine Learning, and hands-on project experience in machine learning, data science, and generative AI. Proficient in Python-based data science tools including NumPy, Pandas, and Scikit-learn, with practical experience in exploratory data analysis (EDA), model evaluation, and AI-driven application development. Strong analytical and problem-solving skills with a passion for building real-world AI solutions.

TECHNICAL SKILLS

Programming Languages: Python, SQL

Data Science Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn

Core Competencies: Exploratory Data Analysis (EDA), Machine Learning, Data Visualization, Data Cleaning and Preprocessing

ML Algorithms: Linear Regression, Logistic Regression, Decision Tree, Random Forest, Naive Bayes, KNN, SVM, XGBoost, Gradient Boosting

Unsupervised Learning: DBSCAN

Deep Learning: Transformers (Basics)

Model Evaluation & Optimization: Hyperparameter Tuning, Confusion Matrix, Classification Report, R-Squared Score, Feature Engineering

Tools & Frameworks: Flask, OpenCV, REST APIs (OpenAI/GPT APIs), Web Designing

Soft Skills: Communication, Teamwork, Problem-Solving

EDUCATION

Bachelor of Technology in Artificial Intelligence & Machine Learning (CSE) *2022 - 2026*

Sree Buddha College of Engineering

PROJECTS

AI-Driven Species-Specific Sound Deterrence Model for Animal Repellent and Alarming

- Developing an AI-driven, species-specific sound deterrence system using deep learning models to identify target species and generate optimal acoustic responses.
- Designed for effective, non-harmful wildlife management and repellent alarming applications.

Mini Project: Predicting College Admissions Using Machine Learning

- Developed a machine learning model to predict college admission chances based on KEAM rank and category.
- Analyzed previous years' allotment data to identify admission patterns and rank cut-offs.
- Delivered accurate college predictions to help students make informed admission decisions.
